EMERGENCY AMBULANCE SERVICE

FOR EMERGENCY CALLS SEE PAGE 1
GENERAL INFORMATION

Service Suggestions

After you place a call, be sure to allow what you consider a sufficient length of time to enable the called person to reach his telephone, before concluding there is no one there to answer.

Answering your telephone promptly will assure you better service and avoid abandoned calls or other attempts to reach you. Time is saved by identifying yourself, your company, or your department immediately.

Speak slowly, clearly and directly into the telephone with your lips about one-half inch from the mouthpiece. Otherwise you will not be heard distinctly.

Be sure the receiver is properly restored at the close of a conversation. Otherwise your line may be "out-of-order" when someone is trying to call you.

Attachments to Telephones

The equipment, apparatus and lines furnished you have been designed to produce the best telephone results. No instrument, appliance nor device of any kind not furnished by the Telephone Company shall be attached to or in any way used in connection with such telephone equipment, apparatus and lines except as specifically provided in the Tariffs of the Telephone Company. You are requested, therefore, not to use nor permit the use of such instruments, appliances or devices. The Telephone Company reserves the right to remove such devices, when found, in order to protect the telephone service.

"Beep" Tone Tells When Telephone Conversation Is Being Recorded

A short high "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the telephone line.

This signal is provided by the Telephone Company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder the signal is no longer heard.

The "beep" is produced automatically by the device used to connect the recorder to the telephone line. It stops when the recorder is disconnected. Use of the recorder without this signal is unlawful.

Attachment to Directories

To insure the usefulness of the directory, no attachment, holder or auxiliary cover, except such as may be furnished by the Company, shall be used in connection with any telephone directory furnished by the Company.

Changes and Errors in Directories

No liability shall attach to nor be assumed by the Company for any errors or omissions in the compiling, printing or distributing of its directories. In order that the directory records may contain correct listings at all times, notification of changes of errors should be given at once to the Business Office of the Company.

Improper Language

Profane or obscene language over the Company's wires is prohibited. Subscribers are responsible for the enforcement of this rule. Failure to observe this will constitute cause for discontinuing service.

How to Send Telegrams, Cablegrams and Radiograms by Telephone

To file a telegram, cablegram or radiogram by telephone follow the instructions given in this directory under the name of The Western Union Telegraph Company.

Identification of Employees

All employees who are authorized to represent this Company are provided with a photographic identification card. This card, which is properly countersigned, shows the employee's name, signature and photograph. Subscribers are earnestly requested to refuse admittance to their premises to anyone who cannot furnish this means of identification.

Service Difficulties

Our every effort is devoted toward providing you with the best possible telephone service. We shall appreciate your cooperation in reporting promptly any service troubles or defective equipment, such as broken mouthpieces, frayed cords, or loose wiring. Repairs and replacements by ordinary usage or unavoidable accidents are made without charge.

Advertising Telephone Numbers

Many subscribers find it convenient and profitable to use their telephone numbers on stationery and business cards, as well as in their advertising. We encourage this practice, but it should be understood that the assignment of the telephone number does not vest in the subscriber a property right therein.

We exert every effort to avoid changing telephone numbers, but the needs of the service occasionally compel us to do so. Obviously, when you display your telephone number, the value to you, and to the service as well, depends upon the number being carried correctly at all times. Therefore, in the event your number is changed, it is suggested that corrections be made as promptly as possible.
EMERGENCY CALLS

Fire

WINSLOW.................................5

Police

3

If unable to complete emergency calls by calling the number, call or dial the OPERATOR and report the emergency to her.

For the telephone number or address of the nearest FEDERAL BUREAU OF INVESTIGATION OFFICE, call.................................................Information

Lawson V. Smith, Arizona Manager
242 W. Adams St., Phoenix, Arizona

Executive Offices
Telephone Building, 931 14th Street
Denver, Colorado
Out-Of-Town Telephone Calls

ASK FOR LONG DISTANCE

Tell the Long Distance Operator:
1. The City or Town you want.
2. The out-of-town telephone number, if available, or the name under which it is listed.
   FOR EXAMPLE: — "Calling Omaha, Nebraska, Walnut 3456." (If you don’t know the telephone number) "Calling Omaha, Nebraska — anyone at Mr. J. Lowell’s residence, 34 Blank Street."
3. Your telephone number (and name if required) when requested by the operator.

STATION-TO-STATION CALLS

The above is a station-to-station call because you have not asked the operator to connect you with a particular person or a particular telephone or department reached through a private switchboard. The charge for a station-to-station call is slightly less than for a person-to-person call and begins when the called telephone or private switchboard attendant answers.

PERSON-TO-PERSON CALLS

When you want to be connected with a particular person or with a particular telephone or department reached through a private switchboard, simply give the operator the same information as above and the name of the person or department wanted, also the extension number if known. The charge is slightly more than for a station-to-station call and begins when you reach the person, extension or department you want.

DAY RATES apply from 4:30 A. M. to 6:00 P. M. on all days except Sundays.

NIGHT RATES apply from 6:00 P. M. to 4:30 A. M. and all day Sundays.

COLLECT CALLS

You may "Reverse" charges, that is, have them billed to the called telephone. Simply tell the operator you want to place the call "Collect." If the called party agrees to pay the cost, charges will be billed to his telephone. There is a small additional charge on station-to-station calls when the initial rate is 20 cents or less.

TO OBTAIN A RATE FOR AN OUT-OF-TOWN CALL

Ask for Long Distance, and then ask for the Rate Operator.

TO PLACE A TELEPHONE CONFERENCE CALL

Ask for Long Distance, and then ask for the Conference Operator who will give you rates and other details.

whether you want goods or services you'll find them in the classified section of this directory.
NEWSPAPER FIREWOOD

To make a small grate or stove fire, or to kindle
a big one, use old newspapers which have been
rolled up tightly, soaked overnight in water, squeezed
out and allowed to dry for several days. The tighter
they are squeezed the better firewood they make.

GRASS FIREWOOD

To make a larger fire or for cooking, use dry
sods of sod, which have been carefully rolled
up and tied. Water should be added to the sods
before they are rolled up, to make them pliable.

IRONING MACHINES

The Bendix Automatic Home Ironer

is easier to operate, because your
ironing and all controls are visible;
comfortable because it's adjustable
in height - and it's faster.

---

**SEXES OF MILK**

Keep light from milk to prevent loss of riboflavin, its most important vitamin element. If you don't meet the milkman, leave out a covered, insulated box for bottles of milk. Remember that light hurts milk more than heat does in a short time.

TO FILL CRACKS

Cracks in wooden walls, etc., can be permanently repaired by filling them with a thick paste made of approximately 1 part linseed oil, 2 parts hot glue, 3 parts whiting and 4 parts sawdust.
EXPLOSION IN OVEN?
If you burn the inside of the oven with an exploded potato or something, soak a cloth in ammonia and let it stay on the burned places an hour or so, after which you can scrape the spots clean.

C IS FOR COMPARE

If It's a Choice of Advertising Mediums, the Classified Section Will "Measure Up" to Any

THE TELEPHONE DIRECTORY is in use in almost every home, and in every office. It is consulted more often than the Calendar, Dictionary, or Weather Report. Its coverage of the consumer market is complete for every type of goods and service, with no waste circulation.

- COMPARE COVERAGE
- COMPARE NO WASTE COST
- COMPARE REMINDER VALUE
- COMPARE DIRECT SALES VALUE
When You Know What You Want
But You Don't Know Where to Buy It—

The business firms, whose advertisements you will find in this directory, are doing their part to assist you in your every day shopping problems. Through adequate representation they tell you quickly and easily, who sells it, whom to call or where to go for the services or products you desire.

Business men and women today are using this modern method of shopping. They find it saves them miles of steps and hours of time.

Your next shopping problem can easily be solved by referring to the advertisements in this Telephone Directory. We urge you to try it.
